WELCOME

Play is not just about having fun! Research shows that learning through play is an important part of a child's healthy brain development. Play allows children to use their imagination and creativity whilst learning about themselves, how the world works and developing the many important foundational skills needed for their future.

The benefits of educational toys are endless. Not only do they build a child's confidence and independence, they also play a vital role in developing and practicing skills such as:

- Fine and Gross Motor skills
- Problem solving skills
- Social skills such as compromise, conflict resolution and sharing
- Emotional awareness and regulation skills
- Language and communication skills
- Cognitive development
- Numeracy and literacy skills

Playing with your child, as well as encouraging independent and social play is one of the greatest things you can do for your child. Play is exciting, challenging and fun and is essential to enhancing your child's well-being!

BOOKS

ABC Mindful Me

See each letter of the alphabet paired with a word that teaches young children important mindfulness topics, like compassion, breathing, empathy, gratitude, and kindness.

Pairing simplified mindfulness principles with each letter of the alphabet, ABC Mindful Me features colourful illustrations of children and animals, as well as playful rhymes to explain each concept to toddlers (and their parents!).

A fun read for the entire family.

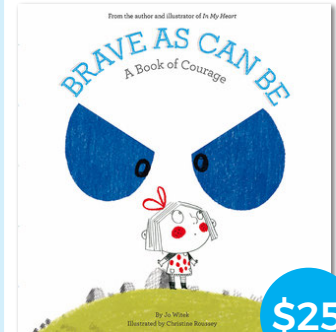

\$20

Brave as Can be: A Book of Courage

The life of a toddler can be full of frightening things: the dark, the neighbor's dog, and thunderstorms, just to name a few. As a child gets older, they begin to feel braver around these everyday events, but how do they build this newfound confidence?

In this lyrical, insightful picture book, an older sister explains to her younger sister all the things she used to be afraid of, along with some tricks to help, whether it's a special blanket for bedtime or singing during a storm.

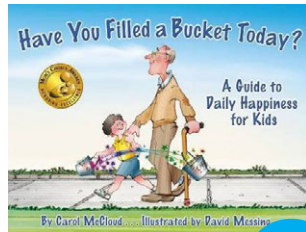

\$25

Have You Filled a Bucket Today?

This best-selling, award-winning, 32-page picture book has become a basic teaching tool that encourages positive behavior as children see how very easy and rewarding it is to express kindness, appreciation, and love on a daily basis. Through sweet, simple prose and vivid illustrations, children learn the meaning of the terms bucket filling and bucket dipping, and discover that when they fill someone's bucket, they fill their own.

Suitable for 4-9 year olds

\$15

Hey Warrior

A book for kids with anxiety to help them find their 'brave'.

Kids can do amazing things with the right information. Understanding why anxiety feels the way it does and where the physical symptoms come from is a powerful step in turning anxiety around.

Anxiety explained, kids empowered.

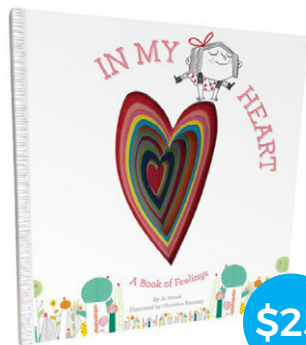

For ages 5-12 (and up!)

\$25

In My Heart: A Book of Feelings

Happiness, sadness, bravery, anger, shyness... our hearts can feel so many feelings! Some make us feel as light as a balloon, others as heavy as an elephant. In My Heart explores a full range of emotions, describing how they feel physically, inside. With language that is lyrical but also direct, toddlers will be empowered by this new vocabulary and able to practice articulating and identifying their own emotions.

\$25

Madi - Everyday Autism Series Set

Set of Four Books

See the World Through Madi's Eyes and Feel the Conflict, Wonder, and Hope!

These books are written simply, so children can understand them, but they open a window into the minds and hearts of those who have to struggle intensely to express themselves and who are frustrated by their failure.

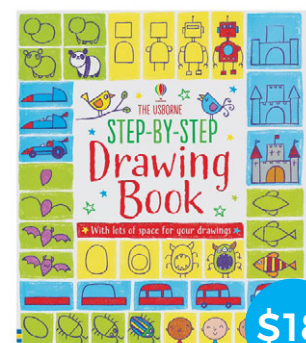

\$43

Step-By-Step Drawing Book

From rockets to robots, monkeys to monsters and lots more, find out how to draw everything you've ever wanted to by following the simple step-by-step instructions in this inspirational draw-in book.

An easy-to-follow, step-by-step drawing book that helps children master the simple drawing skills required to render a range of animals, people and objects. It comes with plenty of space for doing their own drawings.

Great for developing fine motor skills!

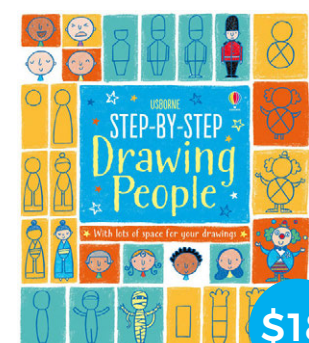

\$18

Step-By-Step Drawing People

Complete beginners can discover how to draw lots of different people, from super heroes to ballerinas to horse riders, in this delightful write-in book.

Each double colourful page has step-by-step drawing instructions, space to practise and doodle in, and ideas for colouring in or adding backgrounds. Great for developing fine motor skills.

Includes additional hints and tips for drawing faces, poses and gestures, creating characters and placing people in scenes.

\$18

BOOKS

The Disappointment Dragon

When things don't go our way, the Disappointment Dragon can come to visit and take us down to his home in the Valley of Despair

The fun characters in this charming, fully illustrated storybook will help children to cope with, and discuss openly, their feelings of disappointment. There are many creative suggestions on how to banish the Disappointment Dragon and an introduction for adults explaining disappointment in children and how they can help.

\$30

The Invisible String

In this heartwarming story, the author delivers a very simple approach to overcoming the fear of loneliness or separation from parents, written with an imaginative flair that children can easily identify with and remember.

Specifically written to address children's fear of being apart from the ones they love, The Invisible String delivers a particularly compelling message in today's uncertain times that though we may be separated from the ones we care for, love is the unending connection that binds us all.

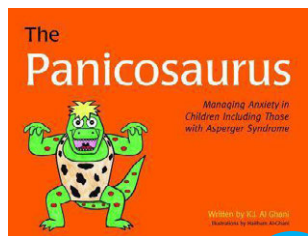

\$31

The Panicosaurus

Have you ever felt a sense of dread and worry creeping over you? That might be the Panicosaurus coming out to play...

Sometimes the Panicosaurus tricks Mabel's brain into panicking about certain challenges, such as walking past a big dog on the street or when her favourite teacher is not at school. With the help of Smartosaurus, who lets her know there is really nothing to be afraid of, Mabel discovers different ways to manage Panicosaurus, and defeat the challenges he creates for her.

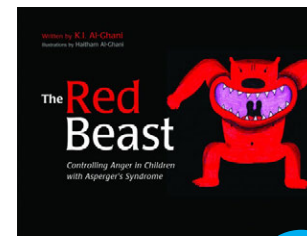

\$30

The Red Beast

Deep inside everyone, a red beast lies sleeping. When it is asleep, the red beast is quite small, but when it wakes up, it begins to grow and grow...

This is the story of a red beast that was awakened. Rufus is in the school playground when his friend John kicks a ball that hit him in the stomach, and wakes up the sleeping red beast: How can Rufus tame the red beast? This vibrant fully illustrated children's storybook is written for children aged 5+, and is an accessible, fun way to talk about anger.

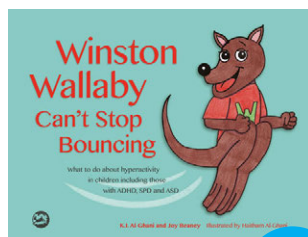

\$30

Winston Wallaby Can't Stop Bouncing

What to do about hyperactivity in children including those with ADHD, SPD and ASD

Winston Wallaby, like most Wallabies, loves to bounce. However, Winston can't seem to ever sit still and when he starts school he needs help to concentrate...

Luckily his teacher Mrs Calm shows Winston how to settle down and focus his mind in class, and he learns new ways to help him with touch, feel, attention and awareness.

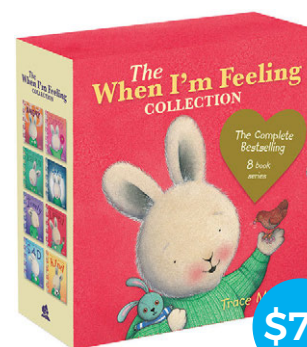

\$30

The When I'm Feeling Collection

Lovely set of 8 new hardcover books, each book is 18 pages with delightful colour illustrations throughout.

Each of the books in this series has been carefully designed to help children better understand their feelings, and in doing so, gain greater autonomy over their lives. Talking about feelings teaches children that it is normal to feel sad, or angry, or scared at times. With greater tolerance of painful feelings, children become free to enjoy their world, to feel secure in their abilities, and to be happy.
